RAINCOAST BOOKS

NATHAN SELLYN IS TWENTY-TWO YEARS OLD.  
**Indigenous Beasts** is his first book. [S]

Nathan's note that came with the invitation says:

I'm not a fan of self-promotion, but I love a good party. Thus I'd be thrilled if you'd join me at Fiction on the night of April 18th.

Fiction is a funky little place on Broadway with a great selection of beverages and a fine menu.

The plan is to show up at 7, have me read just before 8, and then put a playlist on and have a good time.

This invitation is open to all, so I'd encourage you to drag along as many people as you possibly can.

All the best,  
ns
